4 Valgrind

Question 1

Write 3 bad programs in C, these programs must have errors.

With Valgrind try to find these errors.

Question 2: exe2.c

Exe2.c is a very bad program with a lot of programming mistakes

On your PC, compile exe2.c with this command

- `gcc -Wall -g -o exe2 exe2.c`

On your PC: With valgrind control and correct the exe2 executable file, use the tools:

- Memcheck
- Sgcheck
- Massif
